OUTDOOR CENTER

2018 Season

Dear Sculling Guest,

Often friends or family who are not enrolled in the sculling program accompany our sculling guests. Your guests are welcome to join the social activities with you. However, in order to maintain the instructional quality of the sculling program, we ask that the video reviews, dock talks, evening sessions, on-the-water coaching, and Yoga sessions be attended by sculling program participants only.

General guests who bring their own boat or rent a shell from the Center are asked to use the waterfront only at times when sculling program participants are not listening to a dock talk or on the water. A list of times will be available to you upon arrival.

Thanks,

Center Management
