RACING
PROJECT**

Application for Craftsbury Green Racing Project: Skiing 2014-2015

Name:

Email address:

Phone:

Mailing Address:

Date of Birth:

Ski Club Affiliations (from earliest to most recent):

Most Recent Coach:

Their contact information:

Briefly describe your skiing goals:

Describe one of the best races you can remember and what made it that way:

College Major, and/or current field of interest:

Previous work experience and if possible references:

The mission of the Craftsbury Outdoor Center is to:

- 1) to support and promote participation and excellence in lifelong sports with a special focus on rowing, running and nordic skiing;
- 2) to use and teach sustainable practices; and
- 3) to protect and manage the surrounding land, lake and trails.

Please attach an essay to this completed application addressing your role in advancing the Center's mission. The essay should include:

- A list of any skills and interests you could contribute
- Some project suggestions that could be completed during your stay to help the Center work toward its goals. Specifically include several things we should do as part of making the team green and sustainable.
- A description of any relevant work or other project experiences that have prepared you to accomplish these sorts of tasks. Please comment on the role you played in each situation (leadership, organizer, brainstorming, communications, etc), timeline for the project, and its results.
- A reflection on how your former co-workers or other members of the project team would describe you and the contributions you cite above.

Lastly, please submit a copy of your Training Log, training plan, or at minimum a summary of training hours for the past year or two.

Applications are due April 1, 2014, with team announcements April 15.

Thanks for your application. We look forward to reviewing it in the coming weeks.
