

Take the shuttle and ski downhill all the way to Craftsbury! The shuttle runs most weekends in the winter. Visit [Craftsbury.com/snow](http://Craftsbury.com/snow) for more info

### Ski Trail Use Guidelines

**We are grateful to the many landowners who allow us to groom trails on their property. Please respect the land we ski on.**

- Dogs are not permitted on the Greensboro Trails.
- These trails include uneven terrain, narrow sections and challenging downhills. Please use caution and ski within your ability.
- Trails are two-way unless designated otherwise.
- Downhill skiers have the right of way.
- Please do not damage the classic track by skating or herringboning on top of it.
- Use caution where trails intersect and join snowmobile trails.
- Ski at your own risk. Call 911 in case of emergency. The Highland Lodge is not staffed for emergency response.

LEFT: load the georeferenced version of this map in Avenza Maps.

RIGHT: stay up to date on trail conditions via Trail Hub.
